

Here's the cover letter based on the provided details:

Kia ora,

I am writing to express my strong interest in the Classroom Teacher position at Tangowahine School. With 18 years of dedicated experience in Foundation Phase and Special Education, I am passionate about creating inclusive, supportive learning environments that empower every student to reach their full potential.

My extensive background in special educational needs, including expertise working with students with autism, Down syndrome, ADHD, and intellectual disabilities, has equipped me with unique skills in curriculum adaptation and differentiated instruction. As a registered teacher with a Bachelor of Education in Foundation Phase and additional certifications in Makaton and Sign Language, I bring a comprehensive and nuanced approach to supporting diverse learning needs.

Throughout my career, I have developed robust strategies for behavior modification and personalised learning support. My approach focuses on recognizing each child's individual strengths and creating adaptive learning experiences that build confidence and academic progress. My Makaton and Sign Language qualifications further enhance my ability to communicate effectively with students who have diverse communication requirements.

Tangowahine School's commitment to inclusive education resonates deeply with my professional philosophy. I am excited about the opportunity to contribute my skills, experience, and genuine passion for supporting every learner's educational journey.

I am confident that my background in special education, combined with my proven track record of creating engaging and supportive classroom environments, makes me an ideal candidate for this role. I would welcome the opportunity to discuss how my experience aligns with Tangowahine School's educational goals.

Warm regards,

Henriette Charlotte Beeslaar
