

Here's the cover letter:

Dear Hiring Manager,

I am writing to express my strong interest in the Mathematics Support Teacher position (Y1-6) at Middleton Grange School. With over 18 years of dedicated experience in Foundation Phase and Special Education, I am confident in my ability to contribute effectively to your mathematics support program.

My professional background is particularly aligned with your needs. As an educator with extensive experience supporting students with diverse learning needs, including those with autism, Down syndrome, ADHD, and intellectual disabilities, I understand the critical importance of tailored, inclusive mathematical instruction. My NZ Teaching Registration and Bachelor of Education in Foundation Phase, combined with specialized certifications in Makaton and Sign Language, equip me to create adaptive, engaging learning experiences.

Throughout my career, I have successfully developed and implemented customized curriculum strategies that support individual student learning profiles. My expertise in behavior modification and curriculum adaptation ensures that mathematical concepts are accessible and meaningful for every learner. I am passionate about creating supportive, inclusive environments where students can build mathematical confidence and skills.

The opportunity to work with Middleton Grange School's mathematics support project resonates deeply with my professional philosophy of personalized, compassionate education. I am excited about the potential to contribute my skills and experience to your specialized program.

I would welcome the opportunity to discuss how my background and approach could support your students' mathematical learning journey.

Kind regards,

Henriette Charlotte Beeslaar
