

Tena koe,

I am writing to express my keen interest in the ECE kaiako position at Riverhead Montessori Learning Centre. With 18 years of dedicated experience in Foundation Phase and Special Education, I am excited about the opportunity to contribute my expertise to your innovative learning environment.

My professional background is deeply rooted in inclusive education, with extensive experience supporting students with diverse learning needs, including those with autism, Down syndrome, ADHD, and intellectual disabilities. My Bachelor of Education in Foundation Phase, coupled with my current NZ Teaching Registration, positions me uniquely to deliver high-quality, adaptive educational experiences.

My professional journey has been characterized by a passionate commitment to individualized learning. My Makaton and Sign Language certifications have enabled me to communicate effectively with students who have varied communication needs, ensuring every child feels understood and supported. I have a proven track record of developing comprehensive curriculum adaptations that meet individual student requirements while maintaining engaging, developmentally appropriate learning experiences.

The Montessori philosophy of child-centered, holistic education resonates deeply with my teaching approach. I believe in creating learning environments that nurture each child's intrinsic motivation, independence, and natural curiosity. My experience in behavior modification and early childhood development allows me to create supportive, structured yet flexible classroom settings.

I am particularly drawn to Riverhead Montessori Learning Centre's commitment to inclusive, personalized education. My multicultural background and bilingual skills (English and Afrikaans) further enhance my ability to create welcoming, diverse learning spaces.

I would welcome the opportunity to discuss how my skills and experience align with your centre's educational vision. Thank you for considering my application.

Warm regards,

Henriette Charlotte Beeslaar
