

Tena koe,

I am writing to express my strong interest in the Kaiako position at Kidsfirst Kindergartens Karoro. With 18 years of dedicated experience in Foundation Phase and Special Education, I am passionate about creating inclusive, supportive learning environments that nurture every child's unique potential.

My professional background is deeply rooted in supporting children with diverse learning needs, including extensive experience working with students with autism, Down syndrome, ADHD, and intellectual disabilities. My Bachelor of Education in Foundation Phase, coupled with my current New Zealand Teaching Registration, has equipped me with comprehensive skills in curriculum adaptation and inclusive educational practices.

Throughout my career, I have developed specialized expertise in creating adaptive learning strategies that support individual student growth. My Makaton and Sign Language certifications further enhance my ability to communicate effectively with children who have diverse communication needs. I pride myself on developing innovative, compassionate approaches that help every child feel valued and capable of learning.

Kidsfirst Kindergartens' commitment to holistic child development deeply resonates with my professional philosophy. I am particularly drawn to your organization's reputation for creating nurturing, responsive learning environments that celebrate each child's individuality.

My multilingual background and extensive experience in behavior modification strategies would be valuable assets to your team. I am excited about the opportunity to contribute my skills and passion to support the tamariki of Karoro in their early learning journey.

I would welcome the opportunity to discuss how my experience and approach align with Kidsfirst Kindergartens' educational vision.

Kind regards,

Henriette Charlotte Beeslaar
