With 18 years of specialized experience in Foundation Phase and Special Education, I am passionate about creating inclusive, supportive learning environments that empower every student to reach their full potential.

My professional background is deeply rooted in supporting diverse learners, particularly students with special educational needs. Throughout my career, I have developed extensive expertise working with students with autism, Down syndrome, ADHD, and intellectual disabilities. My approach prioritizes individualized learning strategies, curriculum adaptation, and building each student's confidence and academic capabilities.
