

01 December 2025

Dear Hiring Manager

I am writing to express my strong interest in the part-time mathematics teaching position at ACG Strathallan, covering parental leave from 09 March 2026 to 26 February 2027. With 18 years of dedicated experience in Foundation Phase and Special Education, I am confident in my ability to bring exceptional teaching expertise and inclusive educational strategies to your school.

My background is particularly well-aligned with ACG Strathallan's commitment to comprehensive and supportive learning environments. Throughout my career, I have specialized in working with students with diverse learning needs, including those with autism, Down syndrome, ADHD, and intellectual disabilities. My approach combines robust mathematical instruction with adaptive teaching techniques that ensure every student can access and engage with learning.

As a registered New Zealand teacher with a Bachelor of Education in Foundation Phase, I am fully qualified to deliver high-quality mathematics instruction. My additional certifications in Makaton and Sign Language further demonstrate my commitment to inclusive education and communication accessibility.

My experience in curriculum adaptation and behavior modification has consistently enabled me to create dynamic, engaging learning experiences that support students' individual learning trajectories. I am particularly skilled at breaking down complex mathematical concepts into manageable, comprehensible segments that promote student confidence and academic growth.

I am excited about the opportunity to contribute to ACG Strathallan's educational community and support your students' mathematical learning journey. I would welcome the opportunity to discuss how my skills and experience align with your school's goals.

Thank you for considering my application.

Warm regards,

Henriette Charlotte Beeslaar
